

Sunday services, first Sunday in June with 39 in attendance

We, at Yarmag New Testament Baptist Church, were hoping to be meeting in our newly remodeled sanctuary on the first Sunday in June. Unfortunately it was not to be. The old heating system in the building was a Russian made electric heating system that was way too expensive for the church to afford. So we are having to replace that system with a coal burning stove. This set us back by a couple of weeks. We have set June 18th for our first service and will host a dedication service on June 24th.

While Brother and Sister Carrell are in the states we are using one of our young men to fill the pulpit. Brother Balchinaa is a faithful member of the Chingeltei Baptist Church. This last year he came before their church and declared that God has laid on his heart to pastor one of the Lord's Churches. Since that time he has been taking extra studies to prepare himself for this task. Brother Balchinaa is married and has four children. As any young man, who is preparing for the ministry, he has much learning ahead. Please keep him in prayer as Mongolia needs many more pastors and churches.

The month of May saw the 11th closing of Rich Heart Baptist Bible Institute. This year over 110 members of the churches attended either all or a portion of the sessions. Many of these had to travel from 4 to 6 hours to get here. Then once they were here would sleep on the floor overnight. Pictured is the piano class. This was the first year it was offered. Out of this class there are now three who can play for their church's song services. Next year we will focus on music directors to lead those services.

The Rich Heart NT Baptist Church bound another soul in the Kingdom of Heaven. Sukbaatar came forward professing Christ and asking to be made part of the Rich Heart Church through baptism. In his younger years Sukbaatar was an acrobat in the Mongolian national circus. Today he is recovering from alcoholism and has just graduated school as a lawyer.

Brother Tuuvshin made a huge announcement at the end of April. He has been the pastor of the Uginoor Baptist Church for just over a year. On the last Sunday in April he went before the Chingeltei church and announced before the congregation that one of their own had consented to be his wife. We are all thrilled with his choice. He is marrying Sister Altı, the sister of Chingeltei's pastor. They are both 40 and neither has been married before. The wedding is going to be in Uginoor even though it is a five hour trip from UB. Brother Tuuvshin wants his community, and church to see and hear what it means from God's Word to be married. Sister Altı is a very faithful teacher at Chingeltei and will be a great blessing not only to Tuuvshin but to the church he pastors.
