

The last Saturday in May Tsengel and Tsogtsgandan were wed. Tsengel is the daughter of Pastor Agi of Choir. They are both workers at Rich Heart NT Baptist Church. They were in church Sunday and Tsengel was asked in class if there was anything she would do differently about her wedding. Her answer was, I would not have waited until the end to prepare, I understand now that we should not wait to prepare for the marriage supper of the Lamb.

The second from the left is Purevdondog and fourth young man is Nyamaa they were both recently saved and were baptized in May by the Rich Heart NT Baptist Church. 11 young men from our Young Men's class gave their testimonies on Wednesday evening. Nyamaa's testified that he walked home after accepting Christ. It was cold, windy, raining and an absolutely miserable day but he had never been as happy in his life. He also stated he needs to quickly study his Bible because he has many friends and family who need to here the gospel and we do not have time to preach the gospel badly.

Each month the men of Rich Heart NT Baptist Church meets for fellowship. Two men will cook and prepare lunch, and one of the men will prepare a devotion. Most months we have over 22 men and young men come. It does not matter the temperature outside. Even though most have to walk the fellowships in the winter have the best attendance.

Carolyn has been teaching piano to 8 students this year. They range from beginner to intermediate. The goal is for these young people to use this talent playing for the church's congregational singing. Next year a piano class is going to be added to our Bible School curriculum.

The Carrells have made it to the states, and the Coopers will leave for the states the second week of June.

The last Saturday in May we celebrated the closing of our 10th year of Byanzurt Baptist Bible School. The desire to learn more of God's Word is exhibited every year by the dedication of all those who make such a great effort to attend.
