

**NEW BUILDING AND PASTOR**

In September all the “i”s got dotted and the “t”s crossed in finalizing the purchase of the church building in Uginoor. The last Sunday of

Uginoor Sunday School

September was their first meeting in the new building. It was also Brother

Tuushin’s first service as pastor. The church in Uginoor has much work ahead of them in reaching the community of Uginoor with the gospel and preparing this building for His service. Brother Erdenbayer, the previous pastor, has moved his family to UB and has joined the

Signing day for building

Rich Heart Church. He will be used in the Alcohol Abuse program at Maint.

In next month’s report I want to tell you a little bit more about Brother Tuushin, and all that God has done in his life to get him to this place.

**PLANS FOR NEW CHURCH IN NARLAAC**

A search for a place to hold our first meeting is

still underway. There are not many available spaces that will meet our needs. A special service was held at the Rich Heart Church, hosted by the Rich Heart Alti church in Choir. It was the graduation of their Alcohol Abuse classes, but was also used to introduce the idea of beginning a church in Narlaac. Many people

from the community of Narlaac were invited and came for this service. The members of our

churches have many connections with people there, and are excited about them having an opportunity to learn of Christ and his bride.

**FIVE ADDED TO THE CHURCHES**

The Rich Heart NT Baptist Church in Ulaanbaatar baptized one in September. We also had the privilege to have Kevin and Deborah Bollinger come for a visit. They are from the Martinez LMBC and Kevin was one of the original 6 teachers that came to Mongolia in 1998 for a two week seminar. There have been some amazing changes since that time and we are so thankful that those brethren who took that initial step to begin the work here. While they were here they got to witness the baptism of four by the Rich Heart Alti Baptist Church of Choir.
