

MONGOLIAN MISSION TEAM
 March 2016

Everyone knows when spring arrives in Mongolia. The drainage canal starts to flow once again, with only a slight smell of the sewage that often flows into it. This year they have made a short walkway that looks good from the road but no one wants to walk on it. This, and many other superficial projects, are planned because Mongolia is hosting ASEM (Asia-Europe Meeting) for the very first time. Mongolia was admitted to this group of 51 countries in 2008. This July they are expecting heads of state from most of these 51 countries to attend bringing 4500 staff with them. The county is spending many millions of dollars, they do not have, to put a fresh face on the parts of the city these guests will see. They are hoping this will help bring back direct foreign investors, most of whom have left Mongolia since 2013. Because of corrupt politicians and their greed Mongolia is in great financial trouble.

Ulaanbaatar City Jail

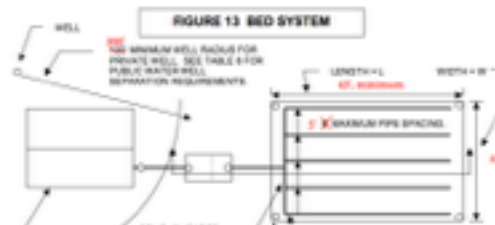

DENTENTION CENTER OUTREACH

The beginning of 2016 Brother Erdenebayer and Enkjargal, from Rich Heart Church, started meeting with men at the Ulaanbaatar detention center. The men at this center are those who have committed minor offenses or are awaiting sentencing for major offenses. The commander at this facility knew us from when he served as commander of the Alcohol Abuse Hospital in Miant. He was very pleased, to have them come and present the gospel of salvation to all the men being detained.

REMODEL WORK BEGINS AGAIN

Last year the Rich Heart Church bought a building in Uginoor for the Uginoor Baptist Church to use. Last fall a sanctuary, and classroom were remodeled from an office and general store. Now that winter has past it is

time to begin again with this remodel. Our first project is to install one of the first septic systems for hundreds of miles.

Thanks to Brother Nils in Alaska we have site specific plans for this system. This will allow the congregation

building to have running water, with an indoor bathroom and shower.

KINGDOM OF HEAVEN/GOD

We were able to bring a 6 lesson series at the Rich Heart Alti Baptist Church in Chore. The Sunday of the last lesson five came forward, giving their testimonies of salvation and asking to join the Church by baptism.
