

Yarmag NT Baptist Church's future sanctuary

April was a month of travel. Carolyn made a quick 2 1/2 week trip home to spend a little time with her parents. They are both in their 80s and their health is failing.

Carolyn at the California State Association

The faithful upbringing of her parents, Marion and Bonnie Smith, was what made it possible for her to willingly leave her home, children and grandchildren and follow her husband to the mission field in Mongolia. The teaching that she had received at home, from the many teachers and pastors during her life, she now shares with the Mongolian women and children that she teaches here.

This is a difficult time for a daughter's love. The burden of having the desire to move in with her parents and take care of them but knowing that she is where God wants her to be. She did have a great visit helping her parents. She also had the opportunity to speak to the women of the California Cooperative Association when they met in Redding California.

It was also a time of travel for the Carrells. They traveled back to the states the last of April, continuing the yearly check ups with Charlotte's oncologist. Also for a check up on her knee that was replaced last year. They will have the opportunity to attend the high school graduation of their granddaughter Victoria. So many family occasions are missed when you are 7 thousand miles away, when you can be there for such a one as graduation, it is truly a great blessing.

Dennis ready to present the mission work.

As you can see from the picture above, the remodeling of the Yarmag sanctuary continues. We have tentatively set the first Sunday of June as the day we will hold our first service here. We are presently using the ground floor of the building for Sunday services. Once we move to the third floor we will remodel the ground floor and make it into class rooms. We had a high attendance of 42 during April, and we have several who had made professions of faith but have not come forward for baptism. We believe they are waiting until we have our baptistry finished and installed. Pictured above is Brother Dennis standing by our baptistry. Our men have it welded and almost ready for paint. One thing that is a rarity at Yarmag is we have more men attending our services than women. Also these men are very active in helping with the remodel but as of now they are not members. Please keep these men in prayer for salvation and committing their lives in Christ's service.

The Rich Heart Alti Baptist Church in Choir continues to grow with two more added by baptism this month. This makes 13 additions this year. Brother Agi said they held 5 days of meetings the beginning of the year. No invitation was given, just told about the God of creation and His coming to earth to pay for the sins of the world. They have sent a couple of their men to Uginoor to hold 5 days of services with the same theme. Let's pray for the success of God's Word in Uginoor.

Translation of the Old Testament is still continuing. We covet your prayers as we strive to get this completed and in the hands of God's people.
